## Current Responsibility

Rebecca Johnson is a principal with a background in healthcare finance. She has over 20 years of experience with a wide range of clients, including health plans, hospital systems, life science companies, and pharmaceutical manufacturers.

## Professional Work Experience

Rebecca's experience includes providing data-driven analytics, strategic guidance, and contract negotiation support to quantify and assess the financial impact of alternative payment models and risk-based contracting for hospitals, integrated health systems, and ACOs. Rebecca also has experience assessing and quantifying the impact of payer contracting strategies in Medicare Part D for pharmaceutical manufacturers.

## Education

BA, Psychology & Sociology, William Smith College

MBA, Healthcare Management, University of Scranton
